*Happy New Year from
Marietta Power and Water!
Here's wishing you and yours
all the joy of the season.*

Verifying Your Phone Number Will Ensure Faster Service During Power Outages

To ensure your service is restored as quickly as possible during a power outage, Marietta Power and Water recommends you verify your current phone number. If the information is not current, there may be a delay in restoring your power and you will not receive an optional follow-up call letting you know your power has been restored.

Verifying that we have your current phone number on file is fast and simple:

...Continued

1. If you're already a subscriber to Marietta Power and Water's Online services, simply login to your account and verify that your phone number is correct. If your phone number is not correct, click the Email Us link to notify us of any changes.
2. If you are new to our Online services, you can sign up at www.mariettapowerandwater.com. Once you are on the Home page:
 - Click "Online Payments" in the blue navigation boxes on the right side of the website.

- When you reach the Account Login page, click Create Account.
- You will need your account number and cycle/route number from your statement to complete this quick process.

If your information needs updating, click the Email Us link to notify us of any changes. **It's that easy!** To report any service interruptions, call **(770) 794-5160**. 💧

POWER LINE SAFETY

Trees are one of the major causes of power outages and downed power lines. When tree limbs are too close to a power line, they can interrupt electric service and create hazardous conditions.

We do our best to trim or remove trees that are located near power lines on a regular cycle, but in an effort to be proactive about this safety concern, we ask that you adhere to some planting guidelines when including any additional trees or shrubs in your landscape:

Mature trees 40 feet tall or taller should be planted at least 50 feet away.

Mature trees less than 40 feet tall should be planted at least 30 feet away.

Small trees and shrubs less than 25 feet tall should be planted at least 20 feet away.

If you see a downed power line or want to report a power-related emergency, call (770) 794-5160. Avoid touching a downed power line with anything, including a stick, broom, or your car. Keep your children and pets away from any fallen power line and avoid touching anyone who is in contact with a fallen power line.

If you have questions, please call **(770) 794-5244**. 💧

Calendar
